Petrolite Sunk; Sub Is Found In Same Seas Later

Standard Oil Tanker Is Sunk And 18 Of Her Crew Are Still Missing—Disabled Sub Towed Into Spanish Port Indicated Tanker Made Strenuous Resistance—Attack on Same Ship Caused Austrian Crisis.

The American steamer Petrolite, a Standard Oil tanker, has been sunk by a German submarine One boat with 18 men, the third mate and the chief engineer have been landed in a Spanish port, and two other boats, containing 18 men, are unaccounted for.

This is the gist of the official statement given out by the state department, based on consular reports, but speculation tells a far more interesting and thrilling story.

The Petrolite was last reported at Gibraltar, according to her owners, from which port she sailed early Monday morning on her return voyage from Italy to America.

Find U-Boat Disabled.

Shortly before the news of her sinking was given out, cable dispatches from Cadiz, Spain, carried the information that the Spanish torpedo boat No 6 had discovered the German submarine U-52 disabled from gun shots which had struck her engines. The place and time of the discovery were not given in the dispatches, which added the bare information that the submarine had been towed into Cadiz, where it will probably be interned The U-52 is of the latest type, of 450 tons and carried a crew of 20.

In the ordinary course of her voyage the Petrolite would have been in the neighborhood of Cadiz and consequently within the field of the operations of the disabled U-52 at the time of her destruction. The tanker was well armed and carried a naval gun crew.

May Have Been Battle.

It does not require a great stretch of imagination to correlate the circumstances and drew the conclusion that the U-52 was responsible for the sinking.

Action Was Forced By Allies And Will Hit Germany Hard

ATHENS, GREECE, (Via London), JUNE 12.—King Constantine of Greece has abdicated his throne in favor of his second son, Prince Alexander. Constantine and his staff will leave Greece.

The abdication was made on the demand of the entente powers and thus ends the situation which has long existed in Greece because of Constantine's refusal to agree in full with with the demands of the entente allies for freedom for movement of troops in and thru Greece.

That the situation in Greece will now change is indicated by the fact that since the arrival in Greece of the French Senator Jonnart, the Italians have occupied the strategic town of Janina and other entente forces have occupied cities in the north and northeast of Greece.

LONDON, JUNE 12—Belated dispatches from Reuter's correspondent at Athens, received in London today, report a visit by Senator Jonnart of France, to Saloniki, and indicate he was expected later to visit Athens. Senator Jonnart represents France, England and Russia as high commissioner of the powers protecting Greece and the purpose of his trip to Athens, as stated in the dispatches, was to make final diplomatic efforts to establish an understanding with royalist Greece

The messages seem to show that Greece is now passing thru a grave crisis and the possible failure of Senator Jonnart's mission is hinted at

A Paris dispatch received yesterday reported the arrival of Senator Jonnart in Athens with plenary authority from the protecting powers of Greece to deal with the situation

When the question of Senator Jonnart's mission came up in the house of commons today, thru a question addressed to Lord Robert Cecil, the minister of blockade, said the high commissioner had been appointed with a view to securing the unity of allied diplomacy in Greece and entrusted with the duty of securing control of the Thesalian harvests.

Asked whether in the event of Senator Jonnart discovering that King Constantine had exceeded his legal powers, as conferred by treaties, the commissioner would dispossess him, Lord Robert replied: "That question should be addressed to Senator Jonnart."

Germany Must Be De-Junkerized To Prevent Emperor Crushing America

PITTSBURG, PA, JUNE 12—"Whatever differences there might have been about this war before it happened, this is no time to think of them," said Secretary McAdoo, addressing the chamber of commerce

"There is left only one dangerous military autocracy in the world, the autocracy of the German emperor. German must be de-junkerized, and democratized if the world is to be made safe

"We know what would happen if Germany should be victorious. She would come here and put the iron heel of the conqueror on our shores There is no telling how long it would take us to expel this enemy. If we could do it promptly we would have to make the most humiliating terms any great nation ever made

"We would have to pay an indemnity that would represent probably half the wealth of America, which is $250,000,000,000, and you would have taxation upon your shoulders to meet that indemnity for perhaps a hundred years to come."

As Mr McAdoo ceased speaking announcement was made that Pittsburg had over subscribed its allotment in the Liberty loan, $59,000,000, by $4,000,000

Uncle Sam Will Climb On Water Wagon Thru War

Both Senate And House Favor Eliminating Alcohol From The National Life During War At Least—Slogan Is No Foodstuffs For Intoxicants—Quick Solution Of Sub's Menace Only Hope For Wets.

WASHINGTON, JUNE 12 The United States surely is going on the water wagon

Whether it will stay there longer than the period of the war depends on how the nation likes the experience. But a careful canvass of the entire membership of both houses today demonstrated positively that the "dry" element was in control. Their slogan of "no foodstuffs for intoxicants" is winning converts every day.

Even the antis admit that only some revolutionary plan which, like the cure for the submarine menace, is yet to be devised, can prevent the absolute elimination of alcohol as a factor in America's national life by the present congress.

This almost certain action will make national prohibition the chief issue in the next national campaign, statesmen and politicians alike on Capitol hill agree

Propositions Considered.

There are now four distinct "dry" plans before congress Each of them has the support of a committee or some organized group of members. There are numerous other isolated prohibition programs, backed by an individual members or two, who probably will merge with one of the main groups when the prohibition fight begins in earnest The four big plans are:

1. The senate finance committee's recommendation to be embodied in the war revenue bill to tax distilled liquor at such an exorbitant rate as to make its further manufacture unprofitable.

2. The senate agriculture committee's plan to be presented in the form of an amendment to the food legislation, to forbid the further use of food-

Sinking Fund Trustees Submit Report Of City Bonded Indebtedness

To date the total bonded indebtedness, according to the figures made public by the sinking fund trustees, is $286,640. About $45,000 will be added to this sum by improvements authorized but not yet completed.

The interest on the various bond issues, it is calculated, will add $95,718 90 to the above sum, or making the total city debt $427,358 90

The figures given by Chairman E S. Gaumer, of the trustees, are interesting in that they show just what improvements have been carried on, their cost, and other data The figures will probably play a prominent part in the election campaign this year and for that reason they are reproduced in full herewith.

WATER WORKS DEPARTMENT

Chairman E. S Gaumer in his report states that it will take very careful management during the next five years to make the net receipts of the department pay the bond debt that will mature There is as present no levy on the tax duplicate for waterworks purposes, operation, maintenance, extension and replacements being paid from the receipts of the department. The bonded indebtedness of the department follows:

	Bonds To Mature	Int. to Mature	Expires
Construction	$ 8,000	1,080.00	1921
Pump, No. 1	2, 00	1,012 50	1921
Reservoir	38,000	18 050 00	1935
Pump, No 2	25,000	12 537 50	1951
Total	$80,000	$53,050 00	

Money to defray the general bonded indebtedness of the city is secured

COUNTY OVERSUBSCRIBES SHARE OF LIBERTY LOAN

Announcement was made Tuesday by Robert Q. Baker, chairman of the Coshocton County Liberty Loan committee, that Coshocton county had purchased $422,900 worth of bonds at the close of business Monday evening. The county's quota was $375,000. An effort will be made to bring the amount up to the $500,000 mark by Friday.

State Defense Council Would Let Wilson Fix The Food Price

(By Associated Press)

COLUMBUS, O., JUNE 12.—Ohio's war defense council, a branch of the National Council of Defense, at its initial conference today favored giving to President Wilson the control of food prices and stipulating the amount to be sold to any one jobber.

COLORED MAN WOULD SHOOT UP THE CAFE

William Massey, colored porter at the Standen hotel, was released from the city prison Tuesday evening where he was being held on a charge of intoxication.

Massey was arrested Tuesday morning by Chief of Police Mapel for creating a disturbance at the C. M. Gross saloon It is said that Massey went into the saloon and one of the bartenders refused to sell him a drink unless he would go to the rear of the saloon and consume it. Massey became infuriated and left the place, but later returned threatening to shoot the bartender. He will be given a hearing in the mayor's court this morning.

Roscoe Man Brot Into Court For Reckless Drive

Cleo Dobson, of Roscoe, was given a hearing in Mayor Richardson's court Tuesday morning on a charge of reckless driving. He pleaded not guilty and the case will be continued pending investigation.

Dobson was reported to have driven his horse up Main street Monday evening at a rapid pace. Dobson stated that he was in bed at the time he was said to have been riding up Main street, standing in his buggy with head bared and urging the horse to its utmost speed He declared that if the horse was taken from the barn it was without his knowledge and consent

Commission Hears Final Argument

Jesse Is In Wrong Again

Jesse Stiner is again in the toils of law, and again for an altercation regarding his former wife, Mrs. Newton Latlet, of Fair street

Stiner was intoxicated and persisted in creating a disturbance in the neighborhood of the Latlet home. He drove his team of mules over several of the lawns on Fair street and a number of the property owners, whose lawns were damaged, will appear in Mayor Richardson' court this morning and file charges against Stiner.

He is being held on a charge of intoxication.

Germans Plotted Invading Canada

NEW YORK, JUNE 12.—Disclosures of a plot of the German government to invade Canada with five army corps composed of the Kriggerbund and assertions that millions of rounds of ammunition had been stored in the city for immediate shipment were made today by Count Max Lyner Louden on trial in general sessions

He said he was to be chief of staff and field marshal of the expedition. Drills were in progress among the German reservists in every Turner hall in the country.

President Takes Hand In The Talk

(By Associated Press)

WASHINGTON, JUNE 12—President Wilson today took a hand in the fight now in congress that has been delaying the final passage of the $3,281,000,000 war budget. The measure probably will be sent to him tomorrow for its signature.

SICK LIST.

Mrs. Henry Fouch is ill at her home on South Seventh street.

Staats Tosses Hat In The Ring Today

Today I N Staats will file his nomination papers aspiring for the democratic nomination as mayor. This was practically certain last night as the necessary number of signatures, it is said, is assured.

It was said last night by a Democrat that Staats was the only person approached who had indicated a willingness to make the race, and that if Staats came out for the honor, he would probably be accepted

At The Last Minute

Democrats have been singularly reticent in announcing their candidacy this year. W H Williams, South Lawn avenue grocer, who is trying for the nomination as city auditor, will probably be without opposition at the primary. Carl McGinnis, councilman at large, has not announce his intention for the nomination. It is thot that at the last minute tomorrow several petitions may be filed.

Dr. Davis Trying.

Tuesday W R Davis filed his papers aspiring for the republican nomination for councilman in Ward 3, and E W. Helnke, present republican councilman from that ward, filed his papers for councilman at large.

It is said that Hamilton Browning, present republican councilman at large, has decided to withdraw from the race and the Republicans must now secure a man for this place.

Mrs. Sylvia Babcock, 34, Dies At Home In Isleta

Death claimed Mrs Sylvia Babcock, aged 34, at her home at Isleta, Tuesday evening at five o'clock. Mrs. Babcock had been suffering from sugar diabetes for the past three years, and for the past few weeks her condition had grown steadily worse until death ensued Tuesday morning.

Funeral services will be held Thursday afternoon at one o'clock at the Isleta M P church, with Rev A E Black, of Newcomerstown, officiating Burial will be made at the Newcomerstown cemetery

Mrs Babcock was born at Plainfield, the daughter of Mr and Mrs George McFarland She spent practically her entire life in that community Six years ago Miss Anna McFarland and Sylvia Babcock were united in marriage and to this union one child, Marjory, aged 4, was born

Mrs Babcock was a member of the Plainfield M P church She was a devout Christian, and was an active church worker. She had an infinite number of friends who will be shocked to learn of her untimely death.

Besides the husband and child, Mrs. Babcock is survived by her father, George McFarland, of Plainfield; one sister, Mrs William Starts, of Newcomerstown, Howard McFarland, of Newcomer town and Clifford McFarland, of Plainfield, brothers. Her mother died June 27 and one week ago today was buried.

David Fletcher Is Critically Ill

David Fletcher, aged 82, of near Isleta, is suffering from heart trouble and owing to his advanced age, little hope is entertained for his recovery.

BURNS ARM.

Stacy Howell, of Roscoe, is recovering from a severe burn on the right arm which he sustained Monday while repairing an automobile at the Loos garage. Medical attention was unnecessary.

Have You A Home For A Youngester?

State Sunday School Boys And Girls Plan Convention Barbecue

(By Associated Press)

MARION, O., JUNE 11.—A barbecue will replace the Friendship Supper of former years which brought the Boys' and Girls' Congresses of the Ohio Sunday School Association together the day before the annual convention, which this year will be held here June 27-29. The barbecue will be held on the Chautauqua grounds at 1 o'clock Wednesday, June 27 and will be attended by 500 boys and 500 girls.

Mrs. Phoebe A. Curtiss, elementary superintendent of the Ohio Sunday School Association, is in charge of the girls' congress, and Burr Blackburn secondary superintendent, is in charge of the boys' congress. Ralph A. Waite, of Chicago, International Association Secondary Superintendent, one of America's leading boy workers, and Miss Nannie Lee Frayser, of Louisville, considered Kentucky's most valuable girl worker, will be the principal speakers at the congress.

The purpose of the congress is to bring together representative older boys and girls, between the ages of 15 and 20, in separate meetings from the secondary classes of Ohio to consider problems of life and leadership in Sunday school work. The attendance to the congresses is limited to 1000, or 500 boys and 500 girls. All over Ohio evidences are constantly appearing of the wonderful results of the congress in discovering and inspiring leadership.

MOBILIZING OF HORSES IS STARTED

(By Associated Press)

COLUMBUS, O., JUNE 11.—Mobilization of horses for the big war, which was to have been started in Columbus in the near future, with C. W. Pavey in charge, has been postponed for an indefinite period, according to a wire received by Mr. Pavey this week. No reason was assigned by the war department.

Mr. Pavey was the agent for the British and French governments in getting horses for the war and he will probably act in a similar capacity for the United States. A horse mobilization camp has been established in Columbus. Work has already been started on the construction of the barns.

Big Liberty Loan Drive

(By Associated Press)

SANDUSKY, O., JUNE 11.—A committee of 500 that raised $110,000 for a new hospital early in May, is waging a 15-day campaign designed to put at least one "Liberty Loan" bond in every home in Erie county. The campaign was inaugurated Saturday morning following a Friday night mass meeting and there is every indication that it will be successful.

William L. Altendorf, banker, who was at the head of the hospital fund campaign is also at the head of the "Liberty Loan" movement.

Former Resident Answers Summons

Word was received here Monday of the death of Anthony Wimmer, aged 80, a former resident of Coshocton who died Sunday night at his home in Kansas City, Mo. Death was due to a stroke of paralysis which he suffered Saturday.

Mr. Wimmer was born in this county and lived here many years. He was a contractor, and superintended the construction of many of the public buildings of Coshocton.

N. W. Wimmer, of South Seventh street, is a brother.

The funeral and burial will take place in Kansas City.

PERSHING IS NOW IN PARIS

PARIS, JUNE 11—Colonels McCarthy, Taylor and Ireland and Captains Dunn and Moore, the advance guard of General Pershing's staff, reached Paris today.

The populace had not been apprised of their arrival and only a few local officials were on hand to extend a welcome.

Paris is planning a tremendous reception to Major General Pershing.

The American officers said their voyage to Boulogne and the trip to Paris were uneventful.

While the cannons are roaring along the front from the North Sea to the French border, probably denoting infantry attacks, the French and British in the Messines region are giving the Germans no rest.

Not satisfied with the capture of the Messines ridge last week Field Marshal Haig's men are continuing their dig into the territory held by the Germans. The day's operations added to the British possession a great number of prisoners and seven more German field guns.

Complete quiet reigns on the front held by the French, except for artillery fire.

Following the example of the United States Great Britain has replied to the Russian government's request for a statement of war aims.

The British patrol in the North Sea destroyed two German seaplanes and forced three others to withdraw.

Suspect In Kidnaping Case Tells Mob To Go To H- As It Threatens

SPRINGFIELD, MO., JUNE 11.—The suggestive cross-bars on the tall light pole that stands in the center of Springfield's public square were still bare this morning.

Out at the Meadowmere bungalow of J. Holland Keet, the body of merry "Buddie" Keet lay in a white casket ready for burial in the soft green hills of the Ozarks, where burial was made later in the day.

It wasn't the fault of Springfield that the cross bars were bare.

Springfield tried with all the cold fury that came on this town when "Buddie's" body was found to kill, by lynching, the men who crushed out the tiny life. Springfield wanted to hush the last little cry of "Buddie" with the screams of the tortured men.

No one who saw ten thousand men, women and children crowd solemnly about that light pole until the grey hours of dawn yesterday will forget the thrill of it.

There they waited for their manhunters, far off on the chase, to return with the five men and a woman that Sheriff Webb had spirited away from the mob by motor.

Today they are trying to be satisfied with the story of a bloodless and deathless lynching at the hands of the citizens' committee who took from the sheriff Claude "Doc" Piersol, chief suspect among the six prisoners, tortured him with all the fiendishness that an Apache could devise, and turned him back when he convinced them of innocence.

Miss Annarino Called By Death

Miss Mary Annarino, aged 16, died at an early hour Sunday morning in the home of her parents, Mr. and Mrs. Joseph Annarino, No. 51 South Fourth street, Newark. While there is no definite plan as yet for such auxiliaries, the directors will make arrangements soon so that the people of the smaller towns and rural districts may enjoy the same privilege as the people of this city in helping in this great work.

Meets Death Near Dresden

Earl Thomas, aged 27, of Zanesville, was killed by a Pennsylvania train between Ellis and Dresden sometime Saturday night. Thomas rode from Zanesville, but passed Ellis where he intended stopping. He left the train at Dresden and started to walk back to a camp near Ellis.

SYMPTOMS OF HER DISEASE

Backache, Sideache, Nervousness, Dizziness, Faintness, all Disappeared After the Woman's Medicine was Taken.

Kingfisher, Okla.—"For two years I suffered with a severe female trouble, was nervous, and had backache and a pain in my side most of the time. I had dizzy spells and was often so faint I could not walk across the floor. The doctor said I would have to have an operation. A friend asked me to try Lydia E. Pinkham's Vegetable Compound. After taking ten bottles I am now well and strong, have no more pain, backache or dizzy spells. Everyone tells me how well I look and I tell them Lydia E. Pinkham's Vegetable Compound did it."—Miss NINA SOUTHWICK, R. F. D. No. 4, Box 33, Kingfisher, Okla.

Every woman who suffers from female troubles, nervousness, backache or the blues should try Lydia E. Pinkham's Vegetable Compound as Mrs. Southwick did, or if they need free advice in regard to any annoying symptom write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

A WELL KNOWN WOMAN SPEAKS

In Every Town in Ohio Neighbors Say the Same.

Zanesville, Ohio.—"I used Doctor Pierce's Favorite Prescription. I had the trouble peculiar to women of forty-five. The 'Favorite Prescription' used as directed proved just the right medicine. I took about four bottles and each bottle seemed to do more good than the last. It helped me so much that I have never ceased to speak highly of it. I also used 'Golden Medical Discovery' at the same time and found it equally good."—Mrs. MARY GREGG, 330 Columbus St., Zanesville, Ohio.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription, prepared only from nature's roots and herbs, with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

Why should any woman continue to worry, to lead a miserable existence, when certain help is at hand?

What Doctor Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper. Get it this very day at any medicine dealers in either liquid or tablet form.

Keep Your Warner Corsets Fresh and Clean
During Hot Weather

Do you know that water will not hurt a Warner's Rust-Proof Corset? It can be washed like any bit of lingerie. All the metal parts are rust-proof, and the fabrics are not affected by good, hard scrubbing. Wash them this way:

Water rots elastic, so remove the hose-supporters. Lukewarm or cold water is best, with plenty of good soap. Scrub with a stiff brush, laying the corset on a board.

Rinse thoroughly in cold water, and dry quickly—in bright sunshine if it's out that day. You need not remove the boning—it's rust proof. You can iron it if you like.

This is just one reason why we like to sell a Warner's Rust Proof Corset — especially to the woman who is economical. It's superior quality, in every part, is another reason.

Many models for Summer wear, at $1, $1.25, $1.50, and $2.

Warner's Rust-Proof Corsets

FRONT LACE AND BACK LACE

You will want Rust-Proof Corsets for Sports and Dancing these days!

The manufacturer GUARANTEES every Warner's Rust-Proof Corset to fit comfortably, to shape fashionably, and NOT to RUST, break or tear. So do we—think what this means to you!

New Prices on "Nemo" Corsets Starting July 2nd

Increased cost of all raw materials used in their construction, has made it necessary for the manufacturers to advance the price on our famous "Nemo" Corsets, in order to maintain their high quality standard.

The $3.50 grade will be $4; the $4 grade will be $4.50; the $5 grade $6

We therefore advise all "Nemo" customers to cover their Summer requirements before July 2nd, at the old prices.

4. The Shepherd resolution, favorably reported by the senate judiciary committee and now on the senate calendar, proposing a constitutional amendment for nation-wide prohibition.

Receive Strong Backing.

The first three of these will receive a strong backing from a combination of Simon pure prohibitionists with those quasi drys who believe that the nation ought to quit drinking liquor while the war rages.

It is entirely possible that all three of them may be passed and the concerted operation of the three would have nearly the effect of a bone dry measure.

ing of the Petrolite, after a battle in which the submarine was disabled.

The tanker was commanded by an American captain, Thomas McKellum, and ten of her crew were citizens of the United States. She was formerly the steamship Excelsior, which before the war sailed under the German flag. Later with other ships of the Standard Oil fleet she was transferred to American registry and renamed.

Shelled By Austrians.

The Petrolite first figured in the news nearly two years ago, an attack upon her by an Austrian submarine threatening diplomatic relations between the Vienna government and the United States. The ship was shelled by the submarine and men aboard her were wounded.

The submarine sent a crew aboard the vessel and removed a large quantity of supplies. She then was permitted to proceed.

The incident was the subject of a series of notes between the United States and the Austrian government.

Americans In Crew.

According to the records of the shipping commissioner in New York the following were the Americans on board the vessel:

F. Feachter, mate, Templeton, Me.

B. Fredericksen, second mate, Norwegian, naturalized.

Olaf Mattson, third mate, Brooklyn, N. Y.

J. C. Clarke, California.

TOILING UPWARD

The progress of the human species from the stage of the beast to the stage of reason and co-operation is infinitely slow. A philosopher of our own times said recently: "We like to fight, to curse, to hate, and to struggle, not because these things are wicked, but because they are the only form of sport we yet understand, so imperfect is our development."

But we are, notwithstanding the truth of this, making certain, definite progress. We at least have the vision "of the world that is to be," and that is a great deal, it is so much more than the great mass of people had five hundred, yes, two hundred years ago, that as time is measured, we are making even swift progress toward the ultimate destiny of the race.

As an illustration of the rather painful way in which our progress is made and of the heavy penalties we are paying for our stupidity, Dr. Frank Crane says:

The people need railways, for instance. Railways are impossible without organizing men into large groups. We have not sense enough to do this ourselves: some organizing genius comes along and does know how; he accomplishes what we want; but as he is not our officer or agent, as we opposed him every step of the way, as the only motive available to him was the hope of profits, the result is that instead of the benefits accruing mostly to the people an unduly large part of them passes into the pockets of the genius. And if we had not let him skim the cream off the enterprise he would not have undertaken it.

So we curse him for a capitalist, a thief, and a robber. He probably is. Only as such did we make it possible for him to work. With no motive but the money motive he naturally gets all out of it he can.

But there is no reason why a man should not build up or manage a railway, or factory, or bank, as high-mindedly as the president administers the affairs of a nation. He could, if he could do it as a public official; as it is, he can only do it as a public enemy.

Petroleum is a general necessity. The people want it and use it. They didn't have foresight and shrewdness enough to build up the petroleum industry. John D. Rockefeller and his co-workers did. So they benefited the public, but they did it to get rich, and now enjoy the envy, adulation, and hatred of the commons. If Mr. Rockefeller could have done this as the governor of Pennsylvania he would have been much happier, and we all much better off. But we are at the present stage of progress too stupid, tradition bound, and mutton brained either to develop the coal oil business ourselves or to recognize and properly honor a Rockefeller to do it for us.

Trusts are merely doing what the people ought to do themselves.

Big Business is merely democracy in business. For the essence of democracy is not competition but co-operation.

The proper profits of any kind of business can never be made until all co-work. Then they are enormous.

The cattlemen ought to have combined and selected their agents to attend to the meat packing. They didn't know enough. They were too busy fighting each other. Then came P. D. Armour, who knew. He organized. Millions of undreamed of profits were straightway visible. But of course Armour had the first whack at them.

THE SOCIALISTS WHO ARE BERATING THE TRUST MAKERS ARE NOT PUSHING US TOWARD ULTIMATE ORGANIZATION MORE THAN THE TRUST MAKERS WHO ARE VIEWING THE SOCIALISTS WITH ALARM.

Cursers and curses both work toward the same end.

"When men smile and agree," says a modern philosopher, "progress weeps."

We don't know which is the worst domestic crime, but one of them is to put the window up and let the lace curtain blow out in the rain and another is to let a pinch of Bull Durham fall on the parlor rug.

The next time there is a lull in the European war we suggest that Villa be permitted to cross over the border to a photograph gallery and sit for a new picture—our old one is worn out.

Do not blame the Russian people for not knowing what they want. The pendulum has simply swung from autocracy past liberty clear over to license, but it will right itself in time.

Stories to the effect that the Germans are in control down in Mexico have about died out. Thus it seems that there are jobs too big even for the kaiser to tackle.

The British may regard the submarine as a failure, but it is not enough of a failure yet for the admiralty to countermand the shoot-at-sight order.

The Wise Guy says: give a girl a dime and she always wears it, but give the dime to a boy and he will eat it.

VAIN LONGINGS
BY WALT MASON

I'd like to be as slim and straight, as when I was a middleweight. I wouldn't run so much to waist if sternly I refused to taste the kinds of grub containing starch, and if on foot I'd daily march, instead of riding down the street, while thinner people use their feet. It's easy to reduce one's fat—the doctors all agree on that, the doctors of a dozen schools; but when I've read their list of rules, I heave a sad and soulful sigh, and call for porterhouse and pie. Vain longings I have often felt, to wear a smaller, shorter belt, of double chins I would dispose, and once again behold my toes. I know I ought to live on rice, and divers yarbs just off the ice; I ought to walk ten miles a day, and with the hefty dumbbells play, and in a year the doctors state, I would have lost a ton of weight. But one may pay too great a price for looking willowy and nice; the cost of beauty comes too high, when one must shun the gaudy pie, forsake the gravy and the roast, and live on tea and brick-hard toast. No prudent man of ample girth will for a figure trade the earth.

GERMANY REALIZES THE U. S. IS ENEMY

WASHINGTON, JUNE 12. — Announcement by Germany that the 74 American citizens who constitute a part of the fruits of the raid of the converted cruiser Moewe are being treated as prisoners of war is the first direct recognition by the kaiser's government that a state of war actually exists.

Incidentally this announcement relieves a latent feeling of anxiety here that officers or gun crews of American merchant vessels would be shot should they be captured by Germans. The men taken from the merchant vessels by the Moewe have the status of prisoners, according to the understanding here, because Germany recognizes armed merchantmen as auxiliary cruisers.

Germany's original announcement that she would not recognize the United States as an additional enemy was made at a time when it had been believed that the United States would content itself with supplying funds, munitions, etc., to the entente. Since then, however, conditions materially have changed.

JUNIOR CHAUTAUQUA MAN IS IN THE CITY

The Chautauqua equipment arrived yesterday in a special baggage car over the Pennsylvania lines and will be erected Thursday on the old high school grounds.

A number of improvements have been made over last season and the Coit-Alber Chautauqua equipment is said to be the finest used on any chautauqua circuit.

The equipment consists of large waterproof khaki tent, with fence, covered entrance, ticket booth, and small tent in which the crew sleeps, stage with hangings, scenery, electrical equipment, dressing rooms and 1800 chairs, filling completely a sixty-foot baggage car.

Reports that the season ticket sale is progressing rapidly and that a large number of season tickets will have been sold by the night of the opening day when the sale automatically stops.

William D. Steininger arrived in Coshocton Monday. He is pageant director during chautauqua week and, in addition to coaching the juniors in the spectacular musical extravaganza, "Fi-Fi, of the Toy-Shop," to be given June 20 at the chautauqua, will assist the junior leader, Minnie Newkirk, during the junior chautauqua at the big tent every morning except Sunday.

Super Tax On Incomes

WASHINGTON, JUNE 12. — The chamber of commerce of the United States, in a statement made public tonight, goes on record in favor of the administration's plan to raise war revenue by imposing a supertax on all incomes above $3000 and reducing the exemption on income under the present income tax.

The propositions voted upon were:

To raise approximately $400,000,000 by increased individual income taxes, then certain increased supertaxes and decreased exemptions, 1235 in favor, 38 opposed.

To raise approximately $2[illegible],000,000 by additions to the present excess profits tax, 1050 in favor, 199 opposed.

To raise $100,000,000 by a 50 per cent increase in the first class postage rate, 822 in favor, 536 opposed.

To raise $250,000,000 by imposing stamp taxes, 1192 in favor, 51 opposed.

To raise $500,000,000 by a tax on luxuries, 1342 in favor, 81 opposed.

To decrease the exemption of capital stock from $99,000 to $24,000, favored by 1112, opposed by 138.

With regard to increased supertaxes and decreased exemptions in the first question submitted, the membership approved the suggestion of the administration to reduce the exemption on incomes of married people to $2000 and of single persons to $1200. It was also recommended that the supertax should begin with 1 per cent on incomes of $3000 and gradually rise to 40 per cent on the largest incomes.

Children Producing Food Worth Millions

WASHINGTON, JUNE 12—Between three and four million dollars' worth of food will be produced this year by the children of the country. This aid in fighting the entente allies' enemies is being given by the children's food army organized and directed by the department of agriculture.

"Here we have a modern children's crusade," said Assistant Secretary of Agriculture Vrooman this afternoon in telling of the wonderful results obtained thru the efforts of the young boys and girls of the country. "It is a crusade against Kaiserism and world dominion by the central powers.

"Our department has been preparing for such a crusade for a long time. Last year we had an army of almost 200,000 enrolled in canning and corn clubs, etc. Working on a peace basis, this army produced foods valued at more than $900,000. This year, recruited to war strength, the children's food army numbers about 800,000 and our reports indicate that it will produce a correspondingly greater amount of food."

Mr. Vrooman explained that co-operating with the government were more than 19,000 volunteers, officers or leaders. Last year the volunteer leaders numbered only 4367. He predicts that results from the children's food army will be surprising.

'Billy' Is Hitting New York Sinners

NEW YORK, JUNE 12—Billy Sunday has entered the homestretch in his race to save New York from the devil.

He began his last full week of evangelistic toil at the tabernacle on Washington Heights. Next Sunday night will mark the close of the campaign.

If ever a man seemed possessed of superhuman stamina, it was Billy. A crowd packed so densely into the tabernacle that it resembled a swarming hive alternately laughed and wept or held its breath in wondering silence as the evangelist spoke.

With his text from the first book of Peter iv. 17—"What shall the end be?" He preached so effectively that 1350 persons hit the trail.

Altogether, following the usual three sermons, 3247 persons professed conversion. This is a record number of trail hitters for one day at the tabernacle.

Halfway in his sermon tonight Billy shed his coat, then preached at a more furious pace until his white silk shirt was drenched with perspiration.

"What shall be your end?" he asked. "You are but a heartbeat from the grave, but that will not be the end, for a thousand and ten thousand years from today we all will be living in some conscious state."

For the first time he hinted that the fire of his old-fashioned brimstone hell may not be fire after all, but something much worse.

Three thousand Masons were among the 19,000 at this afternoon's services.

Fire Department Is Called Out

Burning excelsior at the home of Roy Cox, of South Lawn avenue, resulted in a call for the fire department Tuesday morning. The flames were extinguished without trouble. Practically no damage resulted to the small outbuilding where the fire started.

The fire department had not been called out for six weeks.

A Coshocton Interview

Mrs. Bowen Tells Her Experience.

The following brief account of an interview with a Coshocton woman over five years ago, and its sequel, will be read with keen interest by every citizen.

Mrs. M. Bowen, 146 N. Fifth St., Coshocton, says: "My kidneys were out of order and I had backaches. I had dizzy headaches, too. I didn't sleep well and mornings felt more tired than when I had gone to bed. I got Doan's Kidney Pills at Siegrist & Williams' Drug Store, and they gave me relief. (Statement given November 2, 1911).

DEPENDS ON DOAN'S.

On January 17, 1917, Mrs. Bowen said: "I have every bit as much faith in Doan's Kidney Pills now, as when I last endorsed them. I have always depended upon them to rid me of attacks of kidney complaint and they have never failed to do their duty."

SAYS HOT WATER WASHES POISONS FROM THE LIVER

Everyone should drink hot water with phosphate in it, before breakfast.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left over waste, toxins and ptomain-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, biliousness, constipation, others who wake up with a bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make anyone an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

Patrons, Repeat in concert the pledge to the flag.

Closing song.

Didn't Recognize It.

When a baby sister came to Harold's house he asked his father how she found her way there. The father explained that a stork had brought her. Son, with a gleam of intelligence, answered: "I saw that thing flying around, but I thought it was a buzzard."

Place for Him.

Denny, aged six, was in the first grade. His teacher asked him what he was going to do during vacation. "I am going to join the army," he replied. "You can't, because you are only an infant," she told him. "Well, then, I'll join the infantry."

GAINED TWENTY-FIVE POUNDS IN TWO MONTHS

KNOWING THAT SHE WAS GOING DOWN IN WEIGHT, HEALTH AND ENERGY, THIS LADY FINALLY FOLLOWED THE ADVICE OF FRIENDS AND TOOK PEPSINCO.

For many years Mrs. G. suffered with indigestion. She could get no help. She doctored and took most every stomach remedy her friends recommended, but got little relief. She lost in weight till she was apparently nothing but skin and bone. What she ate as a rule caused misery and pain She would bloat and was seldom without headache. Nothing agreed with her. She would get up in the morning with a bad taste—coated tongue and feeling of dizziness. The sight—the odor of savory foods nauseated her. She passed the day in misery and went to bed tired, worn-out and hungry.

This lady read, as you are doing, of Pepsinco. She heard of Pepsinco. Her friends used Pepsinco and were helped, but she thought Pepsinco was like other stomach remedies, helpful in minor cases only.

She was finally prevailed on to get a small package of Pepsinco. The first package did her so much good that she continued their use until, after a few weeks, she could eat with a relish ordinary foods.

In exactly two months she came up to her normal weight. Today she is happy and has every reason to be so. Her main trouble was indigestion, and Pepsinco is the best preparation to be had for indigestion and kindred ailments.

Pepsinco will help you, if you have the least trouble with your food. Sour stomach, sick headache, bloating, nausea, biliousness and heartburn are symptoms that Pepsinco will remedy. Don't doubt another minute, do as this lady did—get a small package and try it today. All druggists have it, or, we will send a trial package free of charge if you will send your name to The Neuro Pharmacal Company, Wapakoneta, Ohio.

The double-service tooth paste, keeps teeth clean AND GUMS HEALTHY.

Keeping the gums healthy and the mouth sweet is very important to health; more teeth are lost through the loosening of the tissue that holds the teeth in place than from decay.

Dental science to-day demands that a tooth paste must keep the gums healthy as well as clean the teeth.

Senreco was formulated to meet this requirement. Hundreds of dentists are prescribing and using Senreco because they have found that it does measure up to that standard.

SENRECO IS A WONDERFUL CLEANSER.

In addition to its remedial properties Senreco is a wonderful cleanser; acts directly on the mucin film, the basis of tartar; leaves the mouth cool and clean-feeling. As some one has expressed it—Senreco gives one a new idea on mouth cleanliness.

Get a tube to-day at your druggists or toilet counter—enjoy the healthy, cleanly feeling its use gives your mouth and gums. Notice how brilliantly white Senreco makes your teeth. It performs this two-fold service for you and yet costs no more than the ordinary, old-fashioned tooth paste that simply cleans the teeth and leaves a pleasant taste—25 cents for a large 2 ounce tube.

Emperor Charles Wants An Early Peace, He Says

AMSTERDAM, JUNE 12.—A Budapest dispatch says Emperor Charles has taken occasion again to assure the Hungarian people he is in favor of an early peace, as well as wide reform of the suffrage.

On Friday an enormous crowd, estimated at 100,000 persons, marched to the burgomaster's office at Budapest, where Deputy Vasconyi gave the burgomaster an address to be delivered to Premier Esterhazy urging the adoption of the secret vote and an enlarged franchise

The burgomaster presented the address yesterday. The emperor replied that, true to his promise, he would see that the suffrage reform was carried out, and would utilize the first occasion to conclude an honorable peace

Count Moritz Esterhazy, Hungary's new premier, who is just 36 years old has long been the political hope of Hungary, says a Budapest telegram to the Cologne Gazette, but no one reckoned that he would be placed at the head of affairs at the present juncture

After completing his university studies at Oxford, he was elected to the house of deputies, where for eleven years, as a partisan of Count Julius Andrassy, he delivered thoughtful speeches showing strong social perception.

The dispatch says Count Tisza, the retiring premier, cherishes an extraordinary esteem for Count Esterhazy It recalls that recently Count Tisza attempted to persuade him to enter his cabinet When it was announced that King Charles had selected Count Esterhazy as premier, Count Tisza announced that his party would co-operate in every way with the new head of the government.

Count Esterhazy served as a first lieutenant of hussars in the war.

Investigate Charge That Spy Is Busy

WASHINGTON, JUNE 12.—Charges that the type of detonating fuse used in navy shells is inferior will be rigidly investigated by the senate naval committee, Secretary Daniels said today when that body begins tomorrow the inquiry resulting from the receipt of a letter by Senator Frelinghuysen which the secretary yesterday showed that confidential information in the ordnance bureau was being disclosed by a spy or a traitor. The secretary has directed Rear Admiral Earle, chief of the bureau, and his two immediate predecessors in that office, Captains Twining and Strauss, to appear before the committee. All three officers have had a part in the development of the fuse and believe it to be the most efficient yet devised in any country.

The secret phases of the inquiry will be to discover how highly confidential information contained in the letter became known to the writer.

NEWCOMERSTOWN WILL MEET FEDS HERE SUN.

Newcomerstown will be the next attraction at the Red Sea. The Feds and Tuscarawas county players will meet Sunday afternoon. Manager Bries stated that Coshocton fans would undoubtedly expect a slow game, but he assures the public that the game will be up to the usual high standard shown by the teams that visit here. Bries says the Newcomerstown management has secured the service of Linet. Miller, former pitcher in the American Association, to do the pitching again, the Feds. Miller is a member of the National Guard located on guard duty at Newcomerstown. One Decoration day he pitched against the New Philadelphia team and held them hitless.

Other players from New Philadelphia, West Lafayette and other places will be on the Newcomerstown line up and the Feds. are expecting a lively contest

Manager Bries says: "The game last Sunday was frost, but I assure you that we will have a good game with Newcomerstown."

Newcomers Men Join The Navy

A. J. Hall and Foster Simth, of Newcomerstown, passed the physical examination for the naval recruits Monday at Columbus. Both young men are known in this city, having visited here several times.

City subscribers should insist on a receipt from the carrier.
